

- Can the charging port also be washed directly

No, the bottom and blade can be washed. The top/charging port cannot be washed

- Does it come in other colors? I see three colors but only option to purchase is white. I want pink.

Apparently not because I ordered blue and received the white one.

- Is it strong enough to chop sweet potatoes?

Sure, DmofwHi food processor fitted with a 37-watt motor designed to drive 3 reinforced blades that provide great performance, it is enough to chop garlic, ginger, peppers, carrots, vegetables, onions, nuts and more.
